

TEMPORARY BUILDINGS OF THE AMERICAN RED CROSS

JANUARY 29, 1925.—Committed to the Committee of the Whole House on the state of the Union and ordered to be printed

Mr. LUCE, from the Committee on the Library, submitted the following

REPORT

[To accompany S. J. Res. 95]

The Committee on the Library, to which was referred the resolution (S. J. Res. 95) to grant authority to continue the use of the temporary buildings of the American Red Cross headquarters in the city of Washington, D. C., having considered the same report thereon favorably with the recommendation that the resolution do pass with the following amendment: Page 2, lines 9 and 10, strike out "within such time as may hereafter be provided by Congress," and in lieu thereof insert the following: "not later than December 31, 1926."

Strike out the preamble of the resolution.

These temporary buildings are still required by the American Red Cross in connection with its work, but it is the opinion of your committee that instead of granting such authority for an indefinite period of time, a limitation should be provided for the use of such temporary buildings, and it is therefore recommended that the time limit be extended to December 31, 1926.
